FAX 508-384-7468

JAMES J. McMORROW
DEPUTY CHIEF

October 4, 2007

To Whom It May Concern:

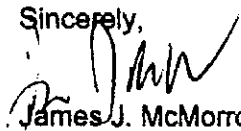

It has been my professional pleasure to have been involved with the planning and development of Wrentham Village Premium Outlets since inception; representing the Town of Wrentham Fire Department as Code Enforcement Officer. Throughout the initial process of blasting for site development, through construction and plan review with final occupancy inspections of 170 plus stores, the project, while being time consuming, has been managed in a most professional manner.

We have always maintained a high level of communication and performance expectation of mall management which is reinforced onto the individual tenants. This atmosphere provides for continued policy and procedural changes as conditions warrant, not only on the outlet property but within our entire community. Wrentham Village Premium Outlets maintains an emergency access road, as there is one main entrance. Over the past ten years, this road has been used for exiting traffic only once, due to a major accident on Route 1A, prohibiting cars to access I495-S. The road is occasionally used by emergency response vehicles on peak traffic days, to more efficiently respond to emergency incidents.

On the average, emergency response within the site accounts for five percent of our overall workload. When conditions warrant, additional personnel are provided by this department to be stationed on site, paid for by the property owners. As our society has been forever changing with reference to public safety and security, emergency planning has been readily received and adapted for self protection but also for our responders to have a continuous flow of information as an incident escalates or hopefully declines within the outlet mall community. The Management, in concert with Wrentham Fire and Wrentham Police continually rehearse for emergency response situations, in order to be better prepared in the event of an emergency.

We look forward to the continued relationship with Wrentham Village Premium Outlets and are always available to provide backup information to anyone who is interested.

Sincerely,

James J. McMorrow
Acting Fire Chief
